

Japan Week 2022

Last year, we were unable to hold the annual Japan Day cultural event due to the pandemic. However, based on popular demand, we held “Japan Week”, a limited series held online from February 25th to March 4th. Starting off Japan Week was the Emperor’s Birthday Reception on February 23rd.

Ambassador Fujiwara and the Honourable Olivia Grange, MP, CD from the Ministry of Culture, Gender, Entertainment and Sport, delivered messages for this event. Additionally, in honour of this event, there was limited broadcasting of videos which included demonstrations from Ikebana International, International Shotokan Karate Federation, Jamaica Chapter of the Aikido Federation, Jamaica Cosplay Club and Anime Nerds, Nishida Gymnastics and Ms. Ramkin Pumpkin as Japanese Reggae artist.

Also, on our homepage and social media platforms, we broadcasted NHK World video documentaries, virtually held an interaction event about JET Programme and MEXT scholarship, and conducted an origami session in person.

As this event has been called ‘Japanese Calendar Exhibition’ and ‘Japan Day’ in the past, we continued the calendar distribution tradition and were able to offer participants Japanese calendars which we received from the Japanese Calendar Association.

We hope that next year we will be able to hold this event as it has normally been held.

Message from Ambassador Fujiwara
