

Japanese Film Screening in the Bahamas

On January 25, a screening of a Japanese movie, My Neighbor Totoro, was held at the University of The Bahamas in collaboration with Japanese Visual Arts Society. About 50 people including Mr. Robert Sands, Honorary Consul General, and faculty members of the University visited the event.

Most of them were glued to the movie and showed great interested in Japanese movies and culture. We hope that this film screening will further promote cultural exchange between Japan and The Bahamas.

Screening

Greeting from Mr. Sands

Distribution of Japanese brochures and maps
